COUNCIL COMMUNICATION

29

TO: HONORABLE MAYOR & COUNCILMEMBERS
FROM: MARC SKOCYPEC, ASSISTANT MANAGER
THROUGH: COLLIN DEWITT, TOWN MANAGER
MEETING DATE: AUGUST 19, 2010
SUBJECT: BUDGET – ADOPT FINAL BUDGET OF \$594,808,550 FOR THE PERIOD JULY 1, 2010 TO JUNE 30, 2011

RECOMMENDED MOTION

AFTER PUBLIC HEARING:

MOTION TO ADOPT THE FINAL BUDGET OF \$594,808,550 FOR THE JULY 1, 2010 TO JUNE 30, 2011 FISCAL YEAR.

BACKGROUND/DISCUSSION

The Code of Gilbert charges the Manager with the responsibility of submitting to the Council the annual budget. Arizona communities operate on a July 1 to June 30 Fiscal Year. Budgets must comply with the State Constitution Expenditure Limitation Amendment and be balanced for total sources and uses. The Council must adopt a Preliminary Budget by the third Monday in July and should adopt a Final Budget by the third week of August. The Final Budget may not exceed the Preliminary Budget.

The Council adopted FY2010-11 Preliminary Budget on June 22, 2010, totaling \$594,808,550. As directed that evening, staff published and noticed a final public hearing for August 19, 2010. The preliminary budget information was published in the *Arizona Republic* on July 22 and July 29, 2010. In addition, the preliminary budget was made available on the Gilbert website, the Southeast Regional Library, and the Perry Branch Library.

Before the Mayor and Council this evening is the Final Budget for the July 1, 2010 to June 30, 2011 Fiscal Year. The total budget is \$594,808,550. Attached to this communication are several documents which represent the financial information with levels of detail. They are:

All Funds Summary – this two page financial table shows total sources of funds (fund balance, revenues, internal transfers) and total uses of funds (personnel, contract, capital outlay, transfers) and an ending fund balance as of June 30, 2011;

Five Year Financial Plans – these tables show the individual operating funds and the longer term financial impacts of the forecast revenues, expenditures and fund balances;

Revenue Summary & Detail – these tables provide two years of history, the FY2009-10 adopted and projected revenues and the proposed FY2010-11 final revenue;

Expenditure Summary & Detail - these tables provide two years of history, the FY2009-10 year adopted and projected expenses and the proposed FY2010-11 final expenditures by cost center;

Capital Outlay Detail – this table provides a detailed listing of the capital outlay items included in the proposed FY2010-11 final budget; and

Personnel Listing – this table provides two years of history, FY2009-10 adopted and revised staffing levels and the proposed final FY2010-11 authorized position strength.

All of these tables are to provide a transparent and comprehensive review of the upcoming year and financial plan.

General Fund Balance

The final budget includes the following reservations and uses of fund balance:

Beginning Projected Balance FY2010-11 – Total Without Reservations	\$ 54,126,000
Reserve for System Development Fee Negative Balances	\$ 22,818,000
Reserve for 10% of Budgeted Expenditures	\$ 10,200,000
Application to FY2010-11 Budget	\$ 2,558,000
Ending Projected Balance FY2010-11 – Total Less Reservations	\$ 18,550,000

Historic Budget to Actual Results

No matter how much effort is put into budget preparation, changes that occur over the course of the fiscal year will impact what is actually expended compared to the original amount budgeted. For example, unanticipated position vacancies result in salary savings and certain variable costs are based upon projected usage.

In an attempt to compensate for historical expenditure patterns, the budget includes an adjustment for historic budget to actual results. The specific adjustment for each of the operating funds is as follows:

General Fund	3.0%	\$ (3,143,000)
Streets Fund	2.0%	\$ (254,000)
Water Fund	2.0%	\$ (551,000)
Wastewater Fund	2.0%	\$ (407,000)
Solid Waste Residential Fund	2.0%	\$ (258,000)
Solid Waste Commercial Fund	2.0%	\$ (43,000)

Staff will be monitoring budget to actual performance on a regular basis throughout the course of the fiscal year, including reviewing alternatives and recommending adjustments to maintain operations within the adopted expenditures.

Employee Compensation and Benefit Expenses

There are several documents that establish and define the compensation and benefits for employees of the Town of Gilbert, including; Personnel Rules, Summary Benefit Description – Health Insurance, Pay Plan, and Memorandum of Understandings (MOUs) with represented employee groups. Each of the above documents is described as follows:

Personnel Rules – Serves as the basis for most of the benefits received by employees. The last major update to the document was in 2009. The Preliminary Budget reflects related employee benefit expenses consistent with that update.

Summary Benefit Description, Health Insurance – Establishes the limits of medical coverage for employees and their dependants. The benefit period runs from 7/1 to 6/30 and includes a rate (contribution) design that was approved by Council in April of 2010. The next opportunity to adjust the medical plan will be in the spring of 2011, for benefits beginning 7/1/2011.

Pay Plan – Serves as the structure and basis for employee monetary compensation, establishing minimums, maximums, and increments (steps) through the pay range. Due to budgetary constraints the current Pay Plan will remain unchanged and employee compensation will be frozen at the current rates for FY2010-11.

Memorandum of Understanding – These documents impact all employees eligible to be covered by an employee organization. To the extent there is a provision or benefit included within the MOU, it supersedes what is included within the Personnel Rules. MOUs for the employee organizations were approved by Council on June 22 and July 27, 2010.

Personnel Increases

The final FY2010-11 budget includes increases to authorized positions as follows:

- General Fund, Support Services – Finance, an increase of 2 full-time equivalents (FTE). The positions (Sr. Tax Auditor and Tax Auditor) relate to the establishment of an in-house sales tax auditing program. The funding source for the positions will be enhanced sales tax revenues.
- Water Fund, Water Treatment, an increase of 2 FTE. The positions (Water Treatment Plant Operators) relate to additional staffing required at Gilbert's North Water Treatment Plant to maintain appropriate 24-7 coverage.

Notable General Fund Changes

In balancing expenses and revenues for the General Fund the following are a summary of the major changes that have been included in the final budget for the General Fund:

Non-Departmental (Contingency Allocation) - \$1,106,000

Historically the General Fund budget has included a contingency allocation of 2% of total expenses; the Preliminary Budget reflects an allocation of 1%. Should the need for contingency funds exceed the allocated amount over the course of the fiscal year, additional funds will need to be identified.

Non-Departmental (Vehicle Replacement) - \$2,065,000

The budget includes a reallocation of funds previously deposited to the General Vehicle Equipment Replacement Fund to the General Fund. Should the need to replace General Fund vehicles exceed the balance in the fund, additional funds will need to be identified.

Non-Departmental (LTAF II Grant Match) - \$2,697,000

The budget includes a reallocation of funds previously deposited as local matching funds for the Local Transportation Assistant Fund II Grant Fund to the General Fund. As grant eligible projects are initiated, local matching funds (100% of the grant amount used) will need to be identified.

Non-Departmental (Health Trust Fund Balance Reduction) - \$1,500,000

The budget includes a planned reduction the Health Trust fund balance as a result of positive claims experience and the establishment of adequate reserve levels. The planned reduction will be implemented through the reduction in General Fund contributions to the Health trust over the course of FY2010-11.

Non-Departmental (Undesignated Fund Balance Application) - \$2,558,000

The budget includes the use of undesignated fund balance in the amount of \$2,558,000 in order to balance total revenues and total expenses.

Fire Department Overtime Reinstatement - \$829,000

In FY2009-10 \$1,000,000 was cut from the Fire Department's overtime budget. In order to implement the reduction, a Fire Company was redeployed to backfill temporary absences (sick and vacation leave). The reinstatement of \$829,000 will reduce the impact of this change to Fire Department service levels.

Implementation of Employee Suggestions and Citizen Budget Committee Recommendations

The General Fund budget includes the implementation of many recommendations from both employees and the public (through the Citizen Budget Committees). The total impacts of those recommendations included in the General Fund Final Budget are \$3,362,000 to the base budget and \$3,600,000 in one-time budget changes. The one-time change amount of \$3.6 million includes the \$1.5 million in Health Trust fund balance reduction stated previously.

Budget Presentation Changes

Several financial reporting changes were made to the budget format in an attempt to make the budget more understandable and transparent. The changes are detailed as an attachment to this communication.

FINANCIAL IMPACT

Gilbert is required to develop and adopt, utilizing a public process, an annual financial plan.

Balanced Financial Plan: The proposed FY2010-11 Final Budget is balanced, based upon identified revenues and expenditures.

Constitutional Expenditure Limit: The proposed FY2010-11 Final Budget reflects expenses that will be under the constitutional expenditure limitation. Staff regularly monitors conformity with the constitutional expenditure requirements and will recommend, if necessary, continuing adjustments and modifications necessary to comply with expenditure limitation requirements.

State Shared Revenues: The proposed FY2010-11 Final Budget reflects State Shared Revenues based upon historic distribution formulas, taking into account currently projected State sales and income tax collections (provided by the Arizona League of Cities and Towns).

Secondary Property Tax Rate: Total revenues included in the proposed Final Budget reflect maintenance of the current secondary property tax rate (adopted by Council on June 8, 2010) of \$1.15 per \$100 of secondary assessed valuation.

Utility Rate Modifications: The proposed FY2010-11 Final Budget reflects revenues projected from Gilbert's current water, wastewater, and reclaimed water rates.

Capital Project Financing – System Development Fees: The proposed FY2010-11 Final Budget reflects revenues projected from the continued collection of System Development Fees as allowed under current State Law.

STAFF RECOMMENDATION

Staff recommends approval of the motion adopting the Final Budget for FY2010-11.

Respectfully submitted,

Marc Skocypec
Assistant Manager

Financial Tables Reporting Changes

In order to make the reporting of General Fund expenses more reflective of only General Fund activities, functions that were part of the General Fund, but funded 100% by other sources (enterprise, streets and/or capital projects) have been moved out of the General Fund. New funds were established to report these activities as follows:

Utility Billing

Included in the Public Works Administration Fund (still funded by Enterprise operations)

Public Works Administration

Included in the Public Works Administration Fund (still funded by Enterprise & Streets)

Utility Locates

Included in the Public Works Administration Fund (still funded by Water, Wastewater & Streets)

CIP Administration

Included in the CIP Administration Fund (still funded by all active capital projects)

Backflow

Included in the Water Fund as a section of Water Quality (previously covered 100% by Water Quality)

Other changes made to clarify reporting:

- General Fund Debt Service has been removed from departmental cost centers and is now reported as a whole for the General Fund as a transfer expense.
- General Fund CIP funding expenses have been removed from departmental cost centers and are now reported as a whole for General Fund as a transfer expense.
- General Fund transfers are now reported separately from operating expenses.
- Replacements funds are now reported directly with the operational funds for which they are allocated.
